

saw

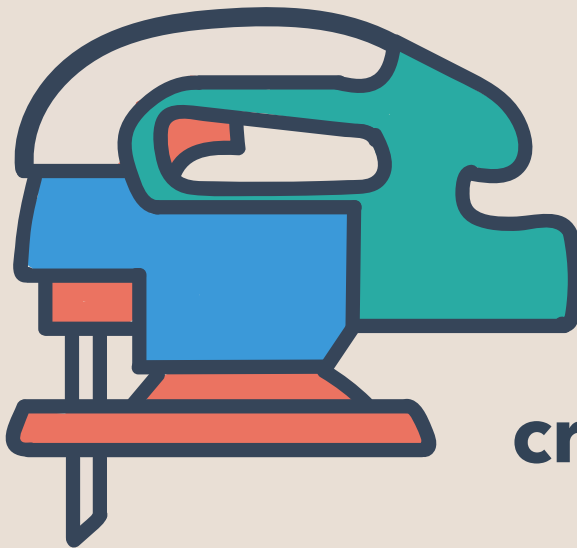

**you'll have**

- two 30" x 30" pieces
- two 6" x 30" pieces
- two 6" x 3" pieces

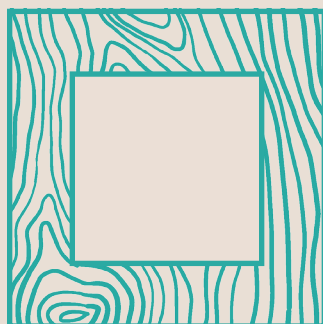

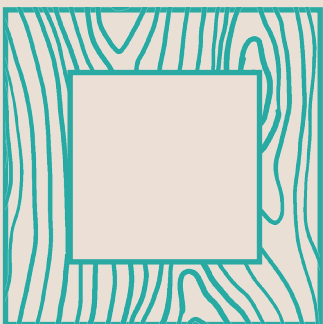

cut

**create windows**

remove 18" X 18"  
squares from the  
centers of the  
30" X 30" pieces

*use wood glue for extra strength adhesion*

## 1 create the base

align the short end of the bottom 6" x 30" piece with the long ends of the 6" x 3" pieces

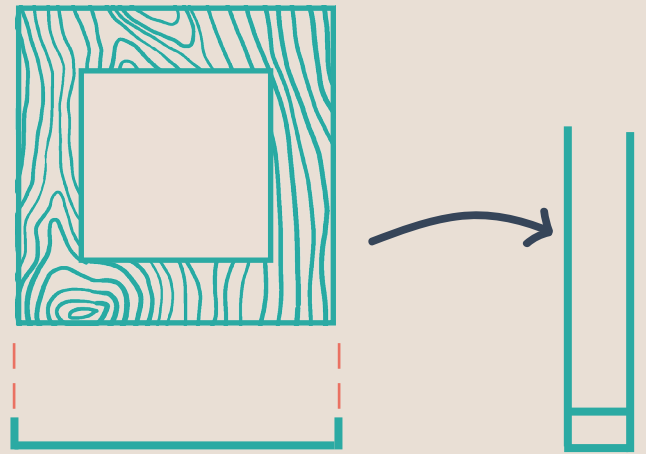

nail

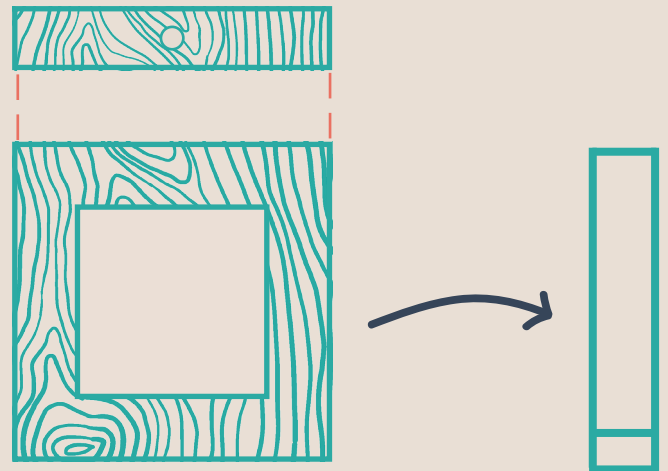

## 2 add the walls

align the bottom edges of one 30" x 30" piece with one side of the base.  
repeat

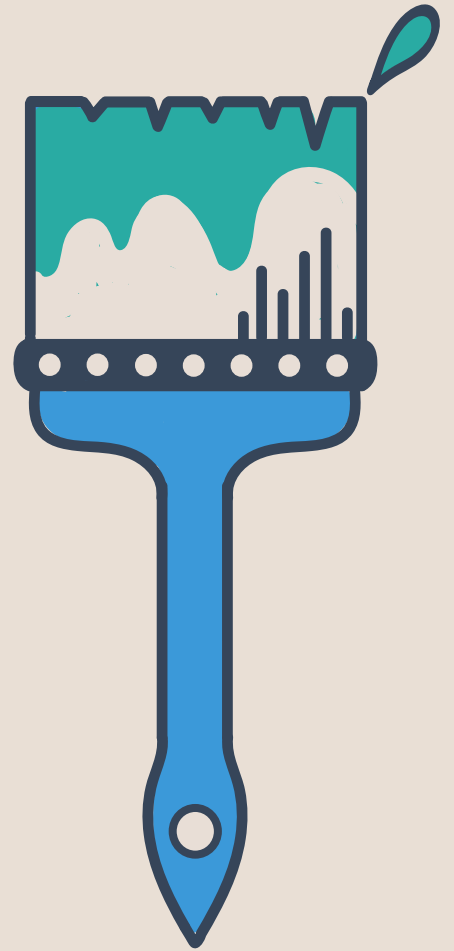

## 3 place the lid

insert the top 6" x 30" piece between the top edges of the walls

# prime

**prepare the wood**  
to ensure **adhesion** and  
**durability** use a coat of primer  
before painting

*let paint dry completely  
between coats*

# paint

**add some color**

spray or hand paint at least two  
coats of finishing color

# finishing touches

**add some light**  
thread light through  
top hole

*use LED grow lights  
to replicate natural solar spectrum*

**let it hang**  
screw hooks in top piece

hang, add plants, and  
**ENJOY !**
